ACT OF INCORPORATION.

Chapter 352, Acts of 1891.

An Act to establish the Trustees of Public Reservations.

Section 1. Frederick L. Ames, Philip A. Chase, Christopher Clark, Charles R. Codman, Elisha S. Converse, George F. Hoar, John J. Russell, Leverett Saltonstall, Charles S. Sargent, Nathaniel S. Shaler, George Sheldon, William S. Shurtleff, George H. Tucker, Francis A. Walker, George Wigglesworth, their associates and successors, are hereby made a corporation by the name of The Trustees of Public Reservations, for the purpose of acquiring, holding, arranging, maintaining, and opening to the public, under suitable regulations, beautiful and historical places and tracts of land within this Commonwealth, with the powers and privileges and subject to the duties set forth in chapter one hundred and fifteen of the Public Statutes and in such other general laws as now are or hereafter may be in force relating to such corporations; but said corporation shall have no capital stock.

Section 2. Said corporation may acquire and hold by grant, gift, devise, purchase, or otherwise, real estate, such as it may deem worthy of preservation for the enjoyment of the public, but not exceeding one million dollars in value, and such other property, both real and personal, as may be necessary or proper to support or promote the objects of the corporation, but not exceeding in the aggregate the further sum of one million dollars.

Section 3. All personal property held by said corporation, and all lands which it may cause to be opened and kept open to the public, and all lands which it may acquire and hold with this object in view, shall be exempt from taxation in the same manner and to the same extent as the property of literary, benevolent, charitable, and scientific institutions incorporated within this Commonwealth is now exempt by law; but no lands so acquired and held and not open to the public shall be so exempt from taxation for a longer period than two years. Said corporation shall never make any division or dividend of or from its property or income among its members.

Section 4. This act shall take effect upon its passage.

BY-LAWS OF THE TRUSTEES OF PUBLIC RESERVATIONS.

ARTICLE I.

Of Members.

The members of the corporation shall be residents of Massachusetts and their number shall not exceed fifty.

The Standing Committee may, if it sees fit, nominate persons to membership by inserting the names of candidates upon the notice of warning of any meeting. The election shall take place at any meeting subsequent to such notice, and shall be by ballot upon the names proposed by the Standing Committee; and any person who receives the votes of two-thirds of the members present and voting shall, on his acceptance in writing of his election, be declared and enrolled a member of the corporation. Membership may be terminated by resignation, and shall be terminated by failure for three successive years to attend the annual meeting; but in the latter case the Standing Committee may by vote suspend the operation of this rule when it sees best.

ARTICLE II.

Of Founders, Life Associates and Contributors.

All persons from whom the corporation shall receive real or personal property to the value of one thousand dollars or more shall be permanently enrolled as Founders.

All persons not entitled to be enrolled as Founders, from whom the corporation shall receive real or personal property to the value of one hundred dollars or more, shall be enrolled during life as Life Associates.

All persons, societies or corporations not entitled to be enrolled as Founders or Life Associates, from whom the corporation shall receive one or more dollars, shall be enrolled as contributors for the year in which payment of such sum is made.

ARTICLE III.

Of Meetings.

1. The annual meeting of the corporation shall be held on the last Wednesday in January, in Boston or at such other city or town in the Commonwealth, and at such time and place, as the Standing Committee may determine. A quorum for the transaction of business shall consist of not less than seven members, but a majority of the members present and voting may adjourn any meeting from time to time until the business shall have been finished.

In the event of the annual meeting, by mistake or otherwise, not being called and held as herein prescribed, the Standing Committee shall order a special meeting to be called and held in lieu of and for the purposes of the annual meeting.

Special meetings of the corporation may be called by the Standing Committee to meet at any time and place. A quorum at a special meeting shall consist of not less than seven members.

2. At all meetings the President shall take the chair as soon as a quorum is present; and the record of the preceding meeting shall then be read, unless such reading is dispensed with by the unanimous consent of those present. After which at all special meetings the business for which the meeting was called shall be transacted, and at the annual meeting the order of business shall be as follows: —

First. — The unfinished business and the assignments of the last meeting shall be announced by the Secretary to the President and taken up in order.

Second. — The Secretary shall be called on to submit a written report of the doings of the Standing Committee for the year ending with the previous 31st of December.

Third. — The Treasurer shall be called upon to submit a written report of his doings for the year ending with the previous 31st of December, and the financial condition of the corporation of that date.

Fourth. — The Committee to audit the Treasurer's accounts shall be called on for a report.

Fifth. — Any special committee which may have been appointed during the year shall be called on to report.

Sixth. — If the Standing Committee shall have proposed changes in the By-laws, the same shall be voted upon as provided in Article VII.

Seventh. — If the Standing Committee shall have made any nominations to membership in the corporation, an election shall be held as provided in Article I.

Eighth. — An election of officers for the ensuing year shall be held, as provided in Article IV., Section 1.

Ninth. — On the announcement of the vote the newly elected President shall take the chair, and shall give the members present an opportunity to present new business.

Tenth. — The newly elected President shall appoint a committee to audit the Treasurer's accounts.

ARTICLE IV.

Of Officers.

1. The officers of the corporation shall be a President, a Vice-President, a Secretary and a Treasurer. The Secretary and Treasurer shall be *ex-officiis* members of the Standing Committee, which shall consist of seven persons in all. The officers and the Standing Committee shall be chosen by ballot at the annual meeting of the corporation, an adjournment thereof, or at a meeting in lieu of such annual meeting, as above provided; and they shall hold their offices for one year, or until others are duly chosen and qualified in their stead. Any vacancy occurring in any of the above offices from death, resignation or inability, shall be filled by the Standing Committee at their next regular meeting or at a special meeting to be called for the purpose before such regular meeting.

2. The President shall preside at all meetings of the corporation. If he is absent, the Vice-President, and, if the Vice-President is also absent, a President *pro tempore,* chosen by hand vote of the members of the corporation present, shall preside, and shall have all the powers and perform all the duties of the President.

3. The Secretary shall warn the members of all meetings of the corporation, according as he may be directed by votes of the Standing Committee. He shall call the meetings of the Standing Committee as he may be directed by the chairman of the committee or on the request in writing of any two members thereof. He shall carry on all the correspondence of the corporation not otherwise provided for, and shall, when the correspondence is of importance, preserve copies of the letters sent and the original letters received, for transmission with his records to his successor in office. He shall keep an exact record of

all meetings of the corporation and of the Standing Committee, with the names of the members present, entering in full all reports of committees, which may be accepted, by either body, unless otherwise directed.

At the January meeting of the Standing Committee he shall make a written report of the doings of that body for the year ending on the previous 31st of December; and, if the report is approved, he shall present it at the annual meeting of the corporation.

4. The Treasurer shall, when directed, as provided in the next paragraph, make disbursements; and he shall also collect all moneys due to the corporation, and shall keep regular and faithful account of all the moneys and funds of the corporation which shall come into his hands and of all receipts and expenditures connected with the same, which accounts shall always be open to the inspection of members of the corporation. He shall make no investments and pay no moneys without either the approval of a majority of the Standing Committee or else of such officer or committee as said Standing Committee shall appoint to act for it in these matters. At the January meeting of the Standing Committee he shall make a written report of his doings for the year ending on the previous 31st of December; and, if his report is approved, he shall present it at the annual meeting of the corporation.

ARTICLE V.

Of the Standing Committee.

The Standing Committee shall, at its first meeting after the annual meeting of the corporation in each year, elect a chairman, whose duty it shall be to preside at all meetings of the committee. In his absence a chairman *pro tempore* may be chosen by hand vote. The Standing Committee shall meet at least once in every month, and a quorum shall consist of not less than three members. The Standing Committee may nominate or refuse to nominate new members of the corporation, may accept or decline gifts offered to the corporation, may approve or disapprove investments or expenditures proposed by the Treasurer, may approve or disapprove all bills against the corporation, may appoint subcommittees of their number, may appoint and remove agents, may engage whatever assistance is needed to administer the affairs of the corporation, may designate such agents and employees by such titles as they may deem proper, and, in general, may exercise all the executive powers of the corporation.

ARTICLE VI.

Of the Seal.

The corporate seal shall be a circular, flat-faced die of about an inch and a half in diameter, with the name of the corporation, the year of its organization, the word "Massachusetts" and the figure of a pine tree so engraved on its face that it can be embossed on paper by pressure.

ARTICLE VII.

Of Amendments.

At any annual meeting of the corporation, or at a special meeting called for the purpose, these By-laws may be amended, altered or repealed by a two-thirds vote of the members present and voting, provided that notice of such proposed change shall have been given in the call of the meeting.

TWENTIETH ANNUAL REPORT

OF THE

TRUSTEES OF PUBLIC RESERVATIONS.

The Standing Committee of the Trustees of Public Reservations submits herewith its twentieth annual report.

Virginia Wood, in Stoneham, now a part of the Middlesex Fells Reservation, is cared for by the Metropolitan Park Commission. Aside from the general care of the Wood, the moth work and general cleaning up, no new work has been done in this portion of the reservation during the year. The paths and walks have been kept in repair, and Virginia Wood has been visited by a large number of persons. The moth conditions are improving from year to year, and no damage whatever was done to the foliage during the past year. Rough creosote work was done and the whole of the tree growth thoroughly sprayed with arsenate of lead. The condition of the tree growth is excellent, and the small pines along Woodland Road, where thinning was done some years ago, are making an especially fine growth.

Goodwill Park, at Falmouth, has been administered as usual by a local committee, and the funds for the purpose were furnished, as heretofore, from an appropriation made by the town. The fence bounding the Park along the highways on the east and west has been completed this year and is now in good condition. The work of cleaning out the underbrush has been continued, and the roads and picnic grounds have been kept in fine condition. The large spreading oak tree was seriously damaged by a storm in August, but fortunately a good photograph, which was reproduced in

last year's report, shows it as it was before the injury was done. Complaint was made by a citizen of Falmouth to the water board that a child had been seen sitting on the boat landing and dipping its feet in Long Pond, the source of the local water supply, and at the request of that Board it was decided to remove the landing next spring to Grew's Pond, a "small" pond almost surrounded by the Park, and a path to the water and a new picnic ground was roughly cleared in preparation for the change.

Rocky Narrows is a beautiful and extremely picturesque spot on the Charles River in Sherborn, just where the boundary lines of that town meet the boundaries of Dover and Medfield. It is difficult of access except from the river, but has long been a favorite resort of canoeists. For a number of years the few simple rules were observed by visitors and the slight conveniences provided for campers and picnickers were properly used. In the past two years, however, some acts of vandalism have been committed, and the privilege of camping in some cases has been abused. It is apparently necessary for your committee, before the next boating season, to adopt some stringent rules and to provide for more continuous oversight of this reservation.

Mount Ann Park, in Gloucester, is still maintained according to the wishes of those who gave it to the public as a "wild park." Your committee, however, does not understand this to preclude making it more accessible and usable by the building of some additional paths and roads and the improving of those already in use. It has been suggested that a road from Forest Lane to Mount Ann, and another to connect with the road recently built between Essex Avenue and Magnolia, are desirable, and should funds become available for such work they would have careful consideration. The most needed improvement, however, has often been spoken of, namely, an observatory of appropriate character on the summit of Mount Ann. A recent suggestion has been made that such a viewpoint would have a utilitarian value as a watch tower, whence, in dangerous seasons, a watch might be maintained to observe the beginning of wood fires

and to sound a timely alarm. The result would be to check the spreading of such fires over wide areas, and the consequent destruction of valuable woodland, which has become too common in this State. Your committee for the coming year will probably find it desirable to give all of these suggestions careful consideration.

Governor Hutchinson Field has suffered from drought, but probably not so much that it will not respond to the influence of a rainy season. It is, however, desirable to manure the ground, especially near the street, where the elm trees are becoming weak for want of proper nourishment. The wall on the street is gradually falling to pieces, and if it is to remain should be repaired at once. Gypsy moths have increased along the foot of the field, and as it was some time since that section had had a thorough going over, the young trees were thinned. Such weedy growths as gray birches and wild cherries were removed entirely. The use of the Field by the public remains about the same as in previous years. At the time of the aviation meet at Squantum, however, it proved to be a favorable spot for viewing the maneuvers of the flying machines.

Monument Mountain, in Great Barrington, which is a forested reservation, has been several times threatened with fire since it has been in the care of this Board. In our last report account was given of the active and successful fight which had been made that spring to exclude a forest fire from its boundaries. This year we have been less fortunate. During the early summer a fire, starting from some unknown cause within the limits of the reservation, burned over several acres near the top of the mountain. It will be necessary, both for the sake of appearance and also as a protection against fires in the future, which spread more rapidly through the débris of a burned region, to remove the partially burned and dead wood, and it may be found desirable in some sections to do thinning, both to render it easier to fight this always pending danger and at the same time to strengthen the better tree growth. It is the opinion, however, of your present committee that such work should be done only under

the direction of a competent adviser. A portion of this reservation is subject to a life estate, and with the consent of the life tenant some gravel has been taken from the reservation for road repairs by the town. The claim of the trustees made through your committee that this material was in some part their property has been recognized by the town, and payment will be made to the trustees therefor.

The Pine Knoll, in Sheffield, has only required the usual care during the year and has been kept in good condition. Its use is largely local, and it is especially frequented by the school children of the village.

At Petticoat Hill, in Williamsburg, the path to the summit was quite badly washed during the winter, but has been put in good repair again. There were a large number of visitors during the summer, and the drinking place, which was piped down from the spring above to a point near the entrance to the summit path, proved to be a great convenience. At the end of the very dry season the spring failed, but this is not likely to occur under ordinary conditions. So many lunch boxes and papers are left about that it is proposed to place rubbish barrels in convenient locations next spring in the hope that picnickers will co-operate in keeping the place neat and attractive.

No additions to the holdings of the trustees have been made the past year. Under the will of the late Amor L. Hollingsworth a conditional gift was made for park purposes of a tract of land in Milton, lying between Brush Hill Road and Blue Hill Avenue, and adjacent to the former residence of Mr. Hollingsworth. By the term of the will the land was first to be offered to the Metropolitan Park Commission of Boston, and, in case of their failure to accept it, it was next to be offered to this Board, and in case of its acceptance the will provided a fund of $3,000, the income of which would be available for its maintenance. The Metropolitan Park Commission having declined the gift, it became the duty of your Standing Committee to consider the question of its acceptance. The land is in a wholly undeveloped condition and though wooded has few trees of especial distinction;

although it has some attractive spots within its boundaries it has no distinctive features of sylvan beauty which would differentiate it from any other tract of woodland in this vicinity. The proximity of the large and interesting Blue Hills Reservation of the metropolitan park system, a large portion of which is in Milton; the existence of other large park areas in this part of the metropolitan district, such as Stony Brook Reservation and Franklin Park; and the fact that the town of Milton has already established within its borders a number of local parks, led your committee to believe that there was no sufficient reason to justify its acceptance of this land to be forever maintained as a wild bit of park land. To develop this land into a finished park or adapt it to playground purposes would require a large expenditure for construction and a considerable amount annually for proper maintenance: much more, of course, than would be available from the proposed fund for that purpose. The town of Milton already has, through the generosity of Mr. Hollingsworth in his lifetime, a small park quite near the land in question, and sufficiently large for what appears to be the future needs of this section of Milton. After careful consideration of the whole matter it seemed best to your committee to decline the gift, which it did with regret as it recognized the public spirit and good intention of the testator.

Record should be made of the death during the past year of three members of the corporation; Deloraine P. Corey of Malden had been a member of the trustees from its inception. He was a most constant attendant at its meetings, was interested in all its activities and had served on its committees from time to time. Robert Sedwick Minot of Dover had been a member of the trustees for a number of years. It was principally through his interest that Mount Anne Park, in Gloucester, was acquired by him and his brothers and placed in the hands of the trustees to be maintained as a wild park in memory of their brother Henry Davis Minot, the well-known ornithologist and naturalist. He was also of assistance to the Board in serving as the local committee in the care of Rocky Narrows on the Charles River, not far from

his home in Dover. William Whiting of Holyoke was one of the oldest members of the corporation, and although of late years he was unable to take part in the activities of the corporation, he gave to it the support of his name and interest.

Respectfully submitted,

HENRY P. WALCOTT, *Chairman,*
